Referendum Update

The Board of Education unanimously approved a resolution on an operational referendum for the April 3, 2018 spring election ballot. This referendum differs from the April, 2017 referendum, in large part, because of the duration. The Board listened to the community through surveys and the Community Task Force Committee. The feedback was clear that the recurring nature of the April, 2017 referendum was not acceptable. The 5 year duration on the current referendum allows the district to address the immediate needs of class size, compensation, and facilities maintenance. As the Board works to address its financial challenges, we are committed to providing as much information as possible. For more information about the referendum, please visit www.hssd.k12.wi.us/referendum. If you have any questions for the Board of Education, please reach out to your board member listed in this article.
